

WELCOME TO TEMPUR®

Tempur Sealy International is the worldwide largest manufacturer of premium mattresses, Pillows and innovative bedding systems. We sell our products in over 90 countries under the Tempur® brand. The pressure relieving material is exclusively produced in company owned manufacturing facilities.

To support continuous growth of our organization we are now looking for a qualified Project Manager to support international Projects across our distribution subsidiaries and the corporate office. The Project Manager Operations will be part of our International Operations Team. You will support the business in the planning and realization of any projects that require participation from our International IT or Process Management teams.

Project Manager Operations (f/m/d)

YOUR RESPONSIBILITIES

- Documentation of project status in our international Microsoft based Project Management Platform
- Resource management and document management for each project within that platform
- Coordination of project teams, usually consisting of internal and external IT experts and business users
- Communication and stakeholder management
- Coordination of project portfolio with our International PMO and the US headquarters
- Support management in budgeting and scheduling of projects

YOUR PROFILE

- Comprehensive knowledge of operational processes in a B2B and B2C environment
- PMBOK, ICB4, Scrum or similar certification in project management
- At least 3 years of experience in managing projects in multinational enterprises
- Solid understanding of the Microsoft work environment (e.g. MS Office, OneDrive, SharePoint)
- Fluent English skills, knowledge of any other European language is an advantage
- Capacity to work under deadlines within a matrix organization
- Good communication skills combined with strong analytical and problem-solving skills
- Adequate document writing and presentation skills
- Work permit for the EU and readiness for frequent international travels
- Desired Knowledge of D365 Finance & Operations

YOUR BENEFITS

- Modern office based in Steinhagen, Germany, with excellent transport connections
- Hybrid working option with at least 3 days per week in the office
- 29 days of paid vacation a year as well as Holiday and Christmas bonuses
- Tempur® pillow as a welcome gift
- Employer subsidy for Sportnavi (german sports flat rate)
- Company Bike Leasing
- Employer contribution to company pension schemes / capital formation
- Discounted drinks offer and a free meal per month
